RICHELIEU POMATUM.

(PATENTED.)

EVERY BODY knows that the Duke of Richelieu lived to a very old age, and preserved to his last day, a fresh and rosy face, without wrinkles or any of the alterations which come with old age. That freshness of the face was due to a pomatum invented by NINON DE LENCLOS, the secret of which has been entrusted to Mrs. DELAUNAY. This pomatum maintains also the beauty of the hair, and prevents them from falling out.

Small pots at 5 and 3 francs; for sale at 44 Notre Dame Victoires street, at Mombro's, Paris. Orders filled for foreign countries.

The genuine article is recognized by Mrs. DELAUNAY'S signature stamped on each pot; all others are counterfeit. jy24

Mr. St. Marc,

GIVES lessons in the French language and literature, and in Mathematics. As Principal of a college in France, he has for many years educated graduates. He completes the education of young men destined to the higher professions, and of young ladies whose early education may have given rise to a taste for higher intellectual pursuits.

His direction can be ascertained by applying to Mr Louis Dufau, Principal of the Louisiana College, or at the store of Mr. Delcroix, Stationer, on Chartres, between St. Louis and Conti streets. se7-1m

Louisiana College.

Dauphine street, between Ursulines and Hospital streets, LOUIS DUFAU, Principal.

THE Principal of this new establishment is in hopes of having founded an institution, which may offer to the youth of Louisiana, the same resources and advantages as the colleges of the North and of Europe. In order to achieve this object, he has associated with himself, the most distinguished Professors of New Orleans.

The Principal will spare no pains, and will endeavor constantly to cultivate the faculties of the mind. He considers that it is as important to bring up children well as to instruct them well, and he is convinced that all education, in order to be fruitful and solid, must rest on a basis of morality and religion.

The course of study in the College of Louisiana will comprise instruction in the Dead and Living Languages (Greek, Latin, English, French and Spanish.) History, Geography, Philosophy, Rhetoric, the Mathematical and Natural Sciences, Political Economy, Chemistry, Belle Letters, &c.

English being the National Language, will be the foundation of instruction in the College of Louisiana, and the greater portion of the classes will recite in English. English Professors already have been engaged by the Principal. Mr. Norton, well known in New Orleans, will take charge of the higher classes; another, whose native language is likewise English, will remain constantly with the pupils, in order to accustom them to speak correctly the language of their country. Particular attention will be paid to the History of the United States.

The course of instruction will be in four classes.

TERMS:

First Class, per month	$12 00
Second Class, per month	10 00
Third Class, per month	8 00
Fourth Class per month	6 00

Extra charge will be made for Music, Drawing, Painting, Dancing, and Fencing; all of which will be taught in the establishment.

PRIMARY SCHOOL.

In compliance with the request of many parents, the Principal will admit children under ten years of age, who will have no connection with the pupils in the College, but will be instructed between the hours of 9 and 3. The charge for those children will be only five dollars.

BOARDERS AND HALF BOARDERS.

Boarders and half boarders are received in the establishment, for whom the same care and solicitude are observed as when at home, so far as discipline and good order will permit.

TERMS—Boarders, per month	$25 00
Half boarders, per month	15 00

For further particulars, application may be made to the Principal, every day except Sunday. The public are invited to visit the establishment, where they can procure prospectuses. s20 3m

NEW ORLEANS FEMALE INSTITUTE, OR

DAY AND BOARDING SCHOOL,

For young Ladies, 253 Camp st.,

Conducted by Mrs. Macaulay.

THIS institution is under the personal supervision of Mrs. MACAULAY, and the class advanced in literature, science and philosophy, are under the care of Dr. Macaulay. The most accomplished teachers are employed in giving instructions in the French, Spanish and Italian languages, also in drawing and dancing. The piano, harp and guitar, as well as vocal music, are taught by professors of the highest grade of qualifications.

There are now eight instructors in the institution, and it is the aim of the principles to make it, in all respects, such as parents may desire for their daughters. Every care is taken not only to instil pure morals, and promote habits of order, lady-like deportment in the pupils, but to make them intelligent as well as accomplished, and consequently, fit them for society and future usefulness.

Young ladies from the country, living in the family as boarders, share in the enjoyments, privileges and attentions of daughters, and are uniformly treated, not so much as members of a boarding school, as daughters of an affectionate family.

To the establishment is attached a large and well selected library; and to ensure a thirst for the acquisition of general knowledge as to the improvements and changes that are continually taking place in the literary, scientific and political worlds, leading Periodicals of a truly valuable character, and standard books of reference, are at the command of the young ladies well advanced in school education, for the important purpose of teaching them to acquire mental knowledge for themselves, by means of research and examination.

Monthly reports issued, as to progress and conduct.

A class for the study of the Latin language, will be formed on the first of November, and one on the use of the Globes.

References are made to parents who have had their daughters at the institution for years and further particulars and circulars can be obtained by applying, personally or by letter either to Dr. or Mrs. Macaulay. s23

Mrs. Le Tellier's Academy.

MRS. LE TELLIER, ex Principal Teacher in the Public School, on Burgundy street, First District Schools, will open on Wednesday, September 1st, 1852, an Academy wherein all the branches of a solid education will be taught in the French and English languages, by the best Professors.

Particular instruction is given in needle-work and accomplishments.

The number of boarders who have already been admitted at Mrs. Le Tellier's new establishment, compels her to open her Academy on Dauphine street, between Ursuline and St. Philip streets, instead of Bourbon street, as previously announced.

This vast edifice contains all that is requisite for the comfort of the pupils. The yard and dormitories are spacious and well ventilated.

The numerous pupils who, for the last ten years have been confided to the care of Mrs. Le Tellier, the greater number of whom are to-day charming young ladies, need no other recommendation to further the favor of families.

Mrs. Le Tellier is a mother and a friend to her pupils, she spares no trouble for her children, so she calls them, and in such respects the claims the patronage. au19

A. W. Faber's Polygrades Lead Pencils.

BEWARE OF COUNTERFEITS!

THE well established reputation of these Pencils, which have obtained the Prize Medal at the World's Fair, of 1851, in London, as well as in Prussia, Bavaria and Saxony; being also strongly recommended by the royal Academies of Paris, Berlin, Munich, and Rome, has induced some unprincipled persons to imitate them, and to sell these imitations, sometimes of a very inferior quality, to the public as genuine. Several parties in this country have already been brought to justice for selling counterfeits. There are others, who in order to avoid the law have the stamp on the Pencils slightly changed from A. W. Faber, into W. A. Faber, A. G. Faber, A. W. Fabre, A. K. Favre, A. W. Favre, &c. Be, therefore, careful to examine the stamp. Look for the facsimile of the signature of A. W. Faber on the labels round the dozens.

A. W. Faber's Polygrades Lead Pencils, most exactly graded from 4 to 12 degrees of hardness, put up in dozens, grosses, or in elegant fancy drawing boxes, as well as Carpenter's Pencils, red, white and drawing chalk, Creta Laevis of 12 to 200 different colors and shades, Slate Pencils, India Rubber in Cedar-wood, Lead Points for Pencil-cases, are sold by all the respectable stationers in the whole civilized world.
