~~My~~ He's a real baby
With little pink toes
Pretty bright eyes
And a cute little nose.

A nice little face
With nary a care
Just filled with content
No burdens to bear.

A mother to love

Doting auntie so near
A proud happy daddy
And uncle so dear

With grandmothers "great"

And " " " " small

A ~~dear~~ nice little cousin
Just within call

No longer a "Pee wee"

A baby full grown

Right in the ~~bride's~~ midst

Of a dear happy home

Could any thing more

His young heart desire

This God given baby.

The miracle child.
