

JACK'S BIRTHDAY WISHES.

SO your've found another birthday,
However that could be,
Strange how they seem to find ~~him~~, *you*
Whether on land or sea,
And each one a little older,
And they come to stay with you ,
Knowing you cannott stop them ,
No matter what you do,
But they are rather nice you know,
They always bring some token,
From those you hold so very dear,
Of love, and promise's unbroken,
And so, God bless you my dear Jack,
Work hard, and make the old War boom,
For after sll these old hard months,
There always comes a June.

GRANDMOTHER.
