

Our Baby

- 1- God sent us a bit of Sunshine
Into our home one day,
We welcomed her with gladness
And hope she's going to stay.
- 2- Her middle name is Frances
Now beat it - if you can,
But as it seemed so very short -
We christened her Suzanne.
- 3- To Ralph, was not so pleasing
So what did he then do
But put on a real short cut off
And call her "dister Sue".
- 4- She's just the finest baby
To us, in all the world,
And God knew when He sent her
^{How} We longed for a little girl.
- 5- She has stolen our hearts already
With her innocent baby ways
As she lays with eyes full of wonder
At things here where she stays.
