

How He praised the poor widow who brought
Said our tenth- unto Him did belong ^{in her all,}
To carry the message- God so loved the world,
To help save the people from wrong.

The Good book teaches- that our God is Love
He is full of forgiveness and peace, (wings,
He would shelter us all right- under his
And share in our joys and our griefs,

And so in our lives may we follow His name
And help that- His Kingdom may come
And throughout all the world in these
troublesome days
May we pray that- His will may be done.
